About RACQ LifeFlight Rescue

RACQ LifeFlight Rescue has been Queensland's leading community helicopter rescue service for more than 40 years.

With the help and generosity of our valued supporters, we bring lifesaving medical treatment to seriously ill and injured patients across the state. Without this support, we simply couldn't continue our lifesaving work.

With a fleet of 10 rotary-wing aircraft operating from seven Queensland bases, this vital rescue service provides the people of Queensland with the assurance that emergency medical care is available 24/7, 365 days a year.

RACQ LifeFlight Rescue has made a difference to the lives of thousands of people, having flown more than 62,000 critical rescue missions since 1979.

Join the Save a Life Circle Today

Here at RACQ LifeFlight Rescue, our purpose has always been the same – to save lives and support Queenslanders during their time of need.

Aeromedical care is a vital community service and delivering it is a high cost proposition, with on average \$12,500 needing to be raised for each mission. As a charity organisation, LifeFlight relies on support from the Queensland community to raise vital funds and help meet the operating costs of the RACQ LifeFlight Rescue service.

How your support will help

By joining the **Save a Life Circle**, you will help deliver more than 6,000 lifesaving missions each year. Your support will help bring lifesaving rescues to people in your community, when they are in their darkest hour. You can save mums, dads, sons, daughters, and help make Queensland a safer place.

Without the support of generous Queenslanders like you, we would not be able to keep our helicopters in the skies above Queensland, saving lives. That's why our Save a Life partners are so important to us, and why we would be grateful if you were to join us today.
