# About RACQ LifeFlight Rescue

RACQ LifeFlight Rescue has been Queensland's leading community helicopter rescue service for more than 40 years.

With the help and generosity of our valued supporters, we bring lifesaving medical treatment to seriously ill and injured patients across the state. Without this support, we simply couldn't continue our lifesaving work.

With a fleet of 10 rotary-wing aircraft operating from seven Queensland bases, this vital rescue service provides the people of Queensland with the assurance that emergency medical care is available 24/7, 365 days a year.

RACQ LifeFlight Rescue has made a difference to the lives of thousands of people, having flown more than 62,000 critical rescue missions since 1979.

# Become a Fuelie Today

Here at RACQ LifeFlight Rescue, our purpose has always been the same – to save lives and support Queenslanders during their time of need.

Aeromedical care is a vital community service and delivering it is a high cost proposition, with on average a \$12,500 shortfall needing to be raised for each mission. As a charity organisation, LifeFlight relies on support from the Queensland community to raise vital funds and help meet the operating costs of the RACQ LifeFlight Rescue service.

## How your support will help

It probably comes as no surprise that without fuel there is no mission. RACQ LifeFlight Rescue aircraft rely on a specialised aviation fuel to complete every single mission and your support is invaluable in making sure our aircraft are fuelled and ready to respond to every emergency call.

Each year up to \$700,000 per base must be raised with the help of generous Queenslanders like you, to keep our choppers in action. That's why our Fuelies Partners are so important to us, and why we would be grateful if you were to join us today.

*For every hour of helicopter flight, it costs more than \$500 in fuel.*
